# We're hiring new consultants.

You might be a marketer looking for a change of career or a recruiter looking for a change of scenery. Either way, if you have the same values as us and get an enormous buzz from helping others, we need to talk!

A row of colorful boxes (purple, blue, pink) with text and stick figures. The blue box is in focus and features a stick figure with the text 'THE PEOPLE BEHIND YOUR PEOPLE'. The purple box to its left has a stick figure with the text 'LIGHT PARK'. The pink box to its right has a stick figure with the text 'HOW'.

# Our Values

Most of our consultants are ex marketers, but if not, they definitely 'get' marketing.

We're not a cold call, sales driven recruiter, we're experts in finding great marketing talent for great marketing jobs – and we do this, because we get to know our candidates as well as the jobs we're recruiting for.

# EXPERTISE

# Our Values

We defy the industry reputation with our honesty and transparency.

We're not a 'bums on seats' type of recruiter, we're honest with our candidates about their potential and honest with clients about a candidate's suitability.

We build long lasting relationships based on trust.

# INTEGRITY

# Our Values

We're in it together – at Stopgap we're one family. We support each other to help find the best candidate for the best job.

We don't have leader boards, crazy weekly KPI's or accolades for being the one who makes the most calls!

We do what we do as it is good for the people we're working with.

A photograph of a diverse group of people, including men and women of various ethnicities, gathered around a bar. They are all smiling and holding up glasses of beer or wine in a toast. The setting appears to be an outdoor or semi-outdoor bar with large windows in the background. The image is partially overlaid by a purple diagonal shape on the left side.

We're passionate about what we do because we make a real difference to real people.

We love to talk, we love to find out about people, jobs, companies and what's hot in Marketing.

# Our Values

We've got a spark – we're bright, positive and fun.

If you can't enjoy your work and the people you work with – what's the point in working?
